

Project Name: Preparation of Solid Waste Management Plan for Eight Towns in Bangladesh

Location within country

8 Towns of Bangladesh

Name of client

Asian Development Bank (ADB)

Duration of the Project: November 2004 to March, 2005

Narrative description of project and services provided

The main goal of this consultancy assignment is to develop a comprehensive solid waste management plan for the eight secondary towns selected under the Secondary Towns Integrated Flood Protection Project II for ADB financing. The waste management plans will guide the secondary towns in managing their waste problems in environmentally sound manner as well as the project in the implementation of the solid waste management subcomponent.
